Food Service Sanitation Section

A handwritten signature in black ink, appearing to read "Thomas E. Crook".

**SUBJECT: Food Service License Applications**

The food service establishment license applications are currently being processed. The applications will be sent to each local health department as soon as they are printed. You should receive the applications no later than April 4, 2003.

Normally, an inventory printout is included with the applications. This year, the printout will not be ready in time to be included with the applications, and will be mailed separately. We will begin printing the inventory as soon as all of the license applications have been mailed.

If you have any questions regarding licensing, please contact Byron Beerbower at (517) 241-0934.
