**Subject: Inspection Form Approval**

Attached is a list of all the food service inspection forms used by various local health departments. All the forms listed on the attachment have been reviewed and approved as required by Michigan Food Law Section 3127(1).

Only approved forms should be used to conduct inspections. Should your agency be using forms other than those listed to conduct food service inspections of any type, please contact Rodger Griffith at 517-241-0932. Also, please contact our office and obtain approval prior to using any new or modified inspection forms that are not issued by MDA. New temporary documents will be issued by MDA in the coming months, which will include new state approved forms for temporary food inspections.

We would like to thank all agencies for responding to Rodger Griffith's request for inspection forms.
