Food Service Sanitation Section
Food and Dairy Division

SUBJECT: Information on Resolution of Dual Food Establishment Licenses

Attached for your information is a list of dually licensed food establishments that have been resolved to a single license as required under the Food Law of 2000.

Thus far, we have found 875 establishments that were licensed as both a food service establishment (P.A. 368 of 1978) and a food establishment (P.A. 328 of 1978). Of these, 507 operations resolved to just the MDA license; and 368 resolved to just a local health department license.

To read your listing, please refer to the county code number (from the list attached). The county is highlighted in the third column from the right on the establishment-licensing list.

The list was compiled from the information submitted by the MDA Regional Supervisors. If you have any corrections or questions, please contact the Regional Supervisor.
